STOQ Lecture by Prof. Noam Chomsky
(con la traduzione simultanea in italiano)

On Saturday 25 January, Noam Chomsky gave the STOQ Lecture on the theme "Neurosciences, Human Nature and Language".

The occasion, at the curial building Pio X on via della Conciliazione, 5 (entrance via dell'Ospedale), was a fascinating conversation involving His Eminence Cardinal Gianfranco Ravasi and Prof Andrea Moro.

The previous Stoq lecture was given by Prof John Barrow.
