

PONTIFICAL COUNCIL FOR CULTURE

This intervention will be a sharing of personal and community experiences with a view to discussing why young people are attracted to the new communities. These youngsters find in them a nearness to God which lets them grow in their spirituality and in their humanity.

Fr Louis Riverin entered the *Famille Marie-Jeunesse* in 1994 where he has worked on the mission of welcoming and evangelising in the community, in pastoral work, animation, theatre, music, youth gathering, teaching and witnessing.
