

PONTIFICAL COUNCIL FOR CULTURE

SENSORIAL TRANSFORMATIONS WITH FRATELLI TUTTI

Vol. XXIX 2021 N.1

Volume n. 1 XXIX 2021 of the Journal offers a cultural reading of Fratelli Tutti.

Exploring the totality of human experience represented through the five senses, the monographic section of the review offers a series of cultural critiques regarding the legal, philosophical-theological, political-social, educational and ethical fields of coexistence. Touching issues from racism to justice, tenderness to fragility, suffering to poverty, ecology to economy, the review follows the vision of Fratelli Tutti for universal social renewal.
