Celebrating the conclusion of the Year for Priests this edition of the Dicastery's Journal looks at how priests can use different cultural venues in their ministry? This volume explores the roles of priests in diverse regions of the world. Several reports summarize the work of the Church and the clergy in places such as Taiwan and Spanish America, while others discuss the priesthood as depicted in popular media, such as film. As leaders of the faithful, they can implement the character of the day in their pastoral endeavors.
