

### **The Holy See Pavilion at EXPO Dubai**

“Deepening the Connection” is the theme of the Holy See’s Pavilion at the Universal Exhibition being held in Dubai on the general theme “Connecting Minds, Creating the Future” open until March 31, 2022. The Pavilion intends to be an encounter between aesthetics, science and faith

under the banner of fraternity and intercultural and interreligious dialogue. Its symbols are two historical encounters: St. Francis with Sultan Malik Al-Kāmil, which took place 800 years ago; and Pope Francis with the Grand Imam of Al-Azhar, Ahmad Al-Tayyib, in Abu Dhabi, on Feb. 4, 2019. The initiative seeks to give continuity to the Declaration on Human Fraternity for World Peace and Common Coexistence, and among the articles on display are important manuscripts from the Vatican Library: 1) The incipit of an Arabic translation (ca. 800-830) of Theon of Alexandria’s Manual Tables (palimpsest fragment from the Bayt al-Ḥikmah in Baghdad); 2) the Liber Abbaci by Leonardo Pisano (Fibonacci, c. 1170 - c. 1250) (on the introduction of Arabic numerals in the West) and 3) Observations on the Gregorian calendar reform by the Portuguese astronomer Tomás de Orta (d. 1594).
